

Fun for the entire family...and the photographer in the family!

Schooner J. & E. Riggin

Fall Photography Cruise™

With award-winning photographer Frank M. Chillemi

September 27 - October 2, 2010

A picture is worth a thousand words and photography is the universal language. It's also a lot of fun! Sometimes, however, it can be hard to fit serious photography for one, or two family members into a vacation that every family member can enjoy. Here on the schooner *J & E Riggin*, we've found a way to achieve the best of both worlds. For one very special cruise each year, we combine a completely unique photography experience with the relaxed pleasure and truly World-class food of a cruise aboard this classic, historic windjammer.

Autumn in Maine is a vacationer's, sailor's and photographer's paradise. The islands, bays, lighthouses, snug harbors, glorious natural color and spectacular light are unmatched any place else on Earth. The sailing is exciting, the passengers and crew are friendly and the food is excellent. It's a great vacation for individuals, couples or the entire family. For the photographer in your family, imagine combining all this fun and adventure with a skilled photography instructor working and teaching right by your side for the entire trip. There's always more than enough time for discussions, hands-on experience and the kind of one on one attention that makes this cruise so very special. Everyone who loves photography, from beginner to expert, is truly welcome. All you need is a camera (simple to exotic, film or digital) a taste for fun, a good appetite and a sense of adventure.

About Your Instructor

Frank Chillemi is a professional photographer and educator from Merrick, New York. He heads the Photo & Art Department for one of the largest companies on Long Island. Frank has taught photography at the State University of New York. His work has appeared in major publications such as *Newsday*, *Aviation Week* and *Smithsonian*. Frank's photography has been exhibited at museums and galleries in the New York metropolitan area. He has conducted Landscape Photography workshops here on the Maine Coast. Frank is the author of the critically acclaimed book of photography, *Windjammers, Lighthouses and other Treasures of the Maine Coast*. He is a warm, and attentive instructor who is generous with his time. You will find, as we have, that Frank really cares about his students.
